

QUEENSWOOD

昆斯伍德

2024 Product Recommendation

Design for young 为年轻而设计

BRAND INTRODUCTION

Queenswood, which sets up its headquarter in the historical city Foshan in 2012, is recognized one of the well-known brands concentrating on contemporary and simple plywood cabinet.

With E1 grade plywood as the main material and motivating sales by original design, we are an enterprise integrating design, research, production, sales committing to provide quality products & service to overseas customers.

Our vision-Quality Life for Young

Our core-Design for Young

Our Concept- Design, Young and Quality

Queenswood owns mature capability of new product modeling and developing and operates a well-developed ERP production managementsystem and a CRM customer interaction management system. The whole product line adopts numerical control production technology and automatic production mode to shorten the production phrase and ensure a sufficient supplies of regular products which contributes to an efficient fulfillment of orders from customers.

We are committed to be the he leader in the plywood cabinets industry .

Based on the principle of simple, contemporary and fashion and as a professional production and sales of middle and high end bathroom cabinet enterprise, Queenswood takes the young to be the target audiences and all its product lines are combining aesthetics and utility to meet the needs of a huge storage, well-organized and dry-wet departed modern bathroom and representing the new generation technology and storage concept while fitting to the needs of diversity interior designs and preferences of consumers.

We look forward to working together with partners home and abroad to dedicate better quality products and service to every consumer and creating a better tomorrow.
